## Company History

Boilerco (Jamaica) Limited was formed on April 28, 1964, as the Boiler Construction and Repair Company Limited. The name was changed in January of 1974 to the more familiar, Boilerco (Jamaica) Limited. Since 1964, Boilerco has been a pioneer in the field of engineering service and supplies, specializing in the sales, installation, maintenance, and repairs of boilers (steam generators), furnaces, and industrial incinerators. In addition, Boilerco insulates steam/cold pipes, commercial/residential buildings, cold rooms, furnaces, ovens, tanks, and pressure vessels; resulting in tremendous energy savings. We also distribute many industrial engineering products that relate to boilers, furnaces, incinerators, and the associated equipment.

Boilerco (Jamaica) Limited is the sole authorized distributor/representative of Plibrico Refractory Products in Jamaica, combined we have over 130 years of experience in the refractory business. Boilerco also is the Island's largest supplier of Industrial/Commercial/Residential Insulation products, distributing for Owen's Corning's, John's Manville, and IIG, mainly serving the island's power generation, sugar, bauxite, petroleum, and hotel industries.

Here at Boilerco, extensive field experience and direct connection with our suppliers help to keep us in very close contact with our customers. We are then able to respond quickly to the changes of our customers' wants and needs as they occur in the marketplace.

Boilerco (Jamaica) Limited has provided quality products and services for over 44 years. Through those years, we have gained the knowledge to provide our customers with products that work effectively and efficiently, and the experience to give them the highest level of service they not only expect, but rightly deserve.

## Benefits of Confidential Destruction (Shredding/Incineration)

### SECURE

Completely destroys all sensitive information, safeguarding you from possible multi-million dollar losses.

### CONVENIENT

We pick-up, transport, and completely destroy all material quickly, efficiently, and discreetly. Taking this burden off of your employees allows them to concentrate on the job they were hired to do.

### COST EFFECTIVE

Outsourcing the document destruction needs of your business will save your company money. Our machines can completely destroy in minutes what it would take hours or even days to do using your own equipment.

### INCREASES SPACE

Most businesses have space and storage issues. Destroying on a regular basis frees up valuable space and eliminates the need to purchase additional storage shelves or filing cabinets.

SECURITY MATERIALS

## The Process

For organizations that require either regular shredding/product destruction services or a one time "purge" of confidential material, Boilerco (Jamaica) Limited offers secure off-site destruction services. The process is tightly monitored ensuring a secure transition from the original material to the destroyed product.

### Here is How Our Process Works:

The client may drop off documents/products to be destroyed or our service truck will securely pick up the documents/products to be destroyed. *(small fee for pick-up)*

- All of our service trucks are equipped with GPS trackers so we know their location at all times.
- All trucks are equipped with a portable scale to weigh goods. *(file boxes can be provided if needed)*
- An official delivery receipt is issued.

### Pick-up OR Drop-off

### Secure

Our truck then transports the materials to our secure destruction facility which features:

- Security fencing around premises.
- Security fencing around the destruction and storage areas.
- Camera surveillance.
- 24 Hour security monitoring

### Destroy

The material will then be off loaded in our secure area. Following client authorization, the materials are destroyed via shredding and/or incineration within a scheduled time.

### Certify

Finally, an Official Certificate of Destruction will be issued once all the materials are verified by witness to be thoroughly destroyed.

*Clients are also welcome to witness the process. (by appt. only)*
